

# CAREER MOBILITY SOLUTIONS FROM INTOO

## Accelerate growth for your employees and your brand

Intoo delivers one-on-one career coaching alongside comprehensive career development resources and tools to help you increase employee engagement and build leadership from within your organization.

### Onward and upward

Retain your top talent and create brand ambassadors with career mobility opportunities to build employee morale and your employer brand.

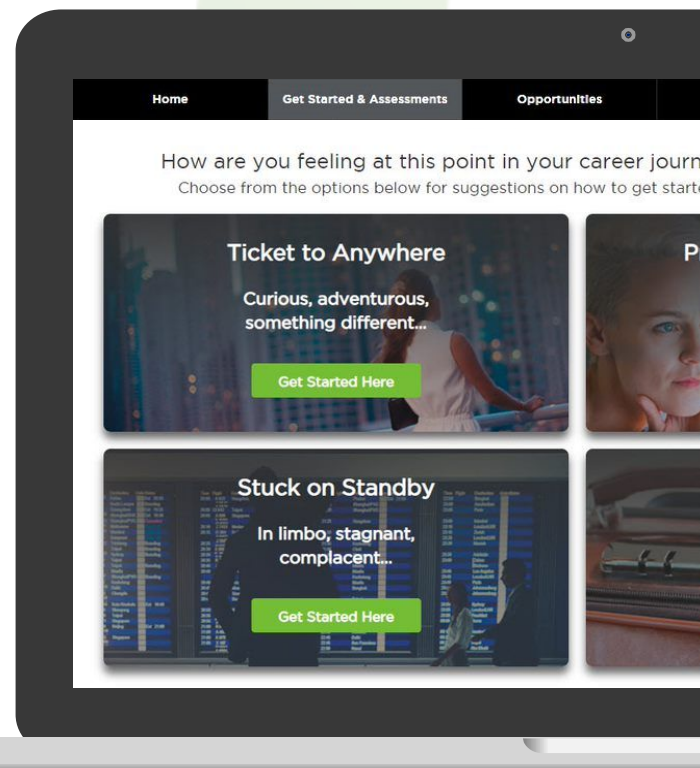

### Knowledge is power

Employee departures can create significant knowledge gaps. Reduce attrition with career exploration tools that empower you to optimize your workforce.

### Invest in your people

Turnover is expensive. Save time and money, while increasing employee engagement and productivity with Intoo's career mobility solution.

There are good tools, tips, and opportunities for employees at every level of our organization.

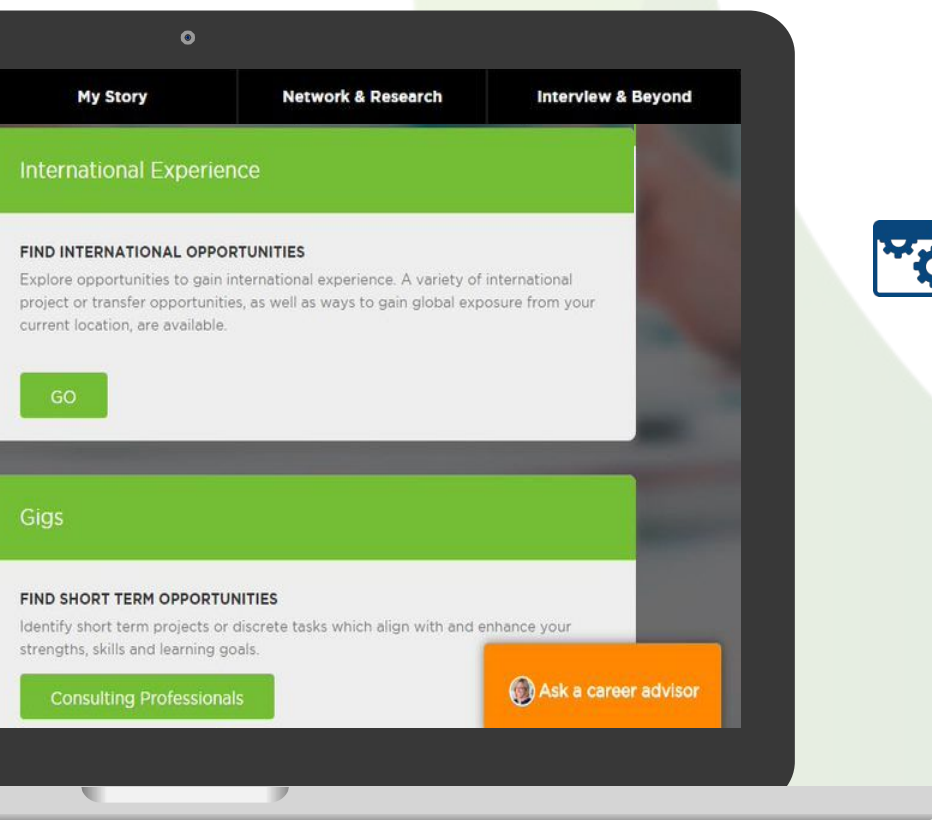

- KEVIN R.

# Personalized support and innovative technology motivate employees for meaningful career development

I only wish this resource was introduced to me sooner. I took the Strengths and Weaknesses assessment, and the other resources have been very insightful!

- ALEX D.

## Career coaches

counsel leaders and individual contributors on-demand via video, phone and text chat to encourage candid career conversations and support professional development.

## Assessments, workshops and guides

provide practical career development strategies for resume building, LinkedIn branding, networking, research, interviewing, and more.

## Professional branding support

from certified resume coaches enables your employees to present their best selves with confidence for that next step within your organization.

## Customizable platform

meets the needs of your organization with configurable branding, job boards, and resources, and offers easy integration with your HRIS and existing employee management systems.
