

ONLINE MASTER OF SCIENCE

Organizational Leadership

ACE's M.S. in Organizational Leadership helps current and aspiring leaders learn to **promote positive change**, make data-informed decisions, lead by example, and solve complex problems with sustainable solutions. Using real-world case studies that **bring leadership philosophies to life**, you will learn to improve organizational performance, strengthen your leadership, and have the tools to advance your career and succeed. In short, you'll train to be the kind of leader that other leaders seek.

Total Program cost*

\$9,500

34 credits
16 months to completion
Industry-low tuition

Choose Where to Make an Impact

Business Performance Management

Lead positive organizational change through agile strategic management techniques, finance, economics and business statistic concepts and skills.

Data Analytics

Develop competencies in conducting research and analyzing data, including using data as a business leader to make evidence-based decisions that will move your organization forward.

Diversity and Inclusion

Learn how to build an inclusive environment that supports diversity of thought to propel your organization to greater success.

Sustainability

Create a value-driven, ecologically and socially responsible business model that makes a difference in the international business community.

How We Get You There

- Courses are usually 5 weeks long with a week off between courses
- Customize your program by choosing a 3-course focus of study
- At the end of the program, you can apply the credits you've earned toward ACE's MBA in Social Impact or one of our Ed.D. programs
