

ONLINE MASTER OF SCIENCE

Sustainable Management

Today, business as usual has been replaced with business as a force for change. Our M.S. in Sustainable Management helps prepare you to spearhead and execute sustainability initiatives in any organization. Gain the skills and knowledge needed to support a growing segment of green economic sectors. **Engage in critical and creative thinking through real-life business case studies.** Understand how to make informed decisions that account for the triple bottom line of people, planet and profit while leading a diverse and inclusive team.

Total program cost*

\$8,675

31 credits
15 months to completion
Industry-low tuition

How you'll get there:

- Learn the latest best practices in social entrepreneurship, sustainable business strategies, legality and ethics in sustainability, and considering the social impact of a business.
- Take just 12 courses, each five-weeks long.
- Complete a capstone project to demonstrate mastery.

Program admission requirements:

- Bachelor's or highest post-baccalaureate.
- Minimum GPA of 2.5 on 4.0 scale for full admission.
- Minimum GPA of 2.0 on 4.0 scale for provisional admission.**
- Additional documentation or transcripts may be required.

Choose your focus of study.

Business Performance Management

Lead positive organizational change through agile strategic management techniques, finance, economics and business statistic concepts.

Entrepreneurship

Build critical entrepreneurial skills that will help you plan, develop and launch new ventures. Engage in all key steps, from identifying new opportunities to growing your team.

Nonprofit Leadership

Focus your study on leading ethically. Prepare yourself to lead a public or nonprofit organization by understanding stakeholders' roles, coordinating volunteer oversight and organizing nonprofit boards.

General Track

Choose any three courses from the focus of study list.
